QB3 Intercampus Sabbatical Exchange Program (ISEP)

OVERVIEW AND CRITERIA
The ISEP is sponsored by the UCSC branch of the California Institute for Quantitative Biosciences (QB3) to support sabbatical visits by QB3-affiliated UCSC faculty members to other QB3 campuses (UCSF and UCB). One-time funds of up to $7,500 per request will be provided to stimulate intercampus exchange and collaborations. The funds can be spent on items that facilitate and promote intercampus exchange and collaborative research during the sabbatical stay, such as lab supplies, housing, or student support.

UCSC-QB3 will support up to three ISEP grants per fiscal year.

ELIGIBILITY
To be eligible for this grant, the QB3 faculty member must be on a sabbatical at one or both of the other QB3 campuses.

APPLICATION INSTRUCTIONS
Submit a request via email to Ann Pace (pace@soe.ucsc.edu) that contains the following components:

- a short description of the sabbatical project
- the name(s) of your collaborator(s) at the other QB3 campus (collaborators are not required to be QB3 affiliates)
- a statement addressing how the project is relevant to QB3
- an explanation of how the $7,500 in funds will be used

Proposals will be accepted on an ongoing basis.

REVIEW PROCESS AND AWARD
Awards will be made to qualifying proposals on a first-come, first-served basis, contingent on availability of funds.

FUTURE QB3 GRANT PROGRAMS
QB3 funding opportunities at UCSC are posted online at http://www.cbse.ucsc.edu/research/funding.shtml.
